CS 346: Meeting Minutes

Date: Oct 19th 2023   Team: 204

Present: Imaan, Sky, Paul, DongHoon

Absent: N/A

Agenda

Resolve conflicts and determine what we are going to demo for the sprint

Notes

- Determined how to wrap up tickets
- What we will be demoing
    - Course Card
    - User Preferences and saving window state
    - Notes Data class and markdown research (possible textbox)
- Discussed bug revolving around user preferences in packaged version of App on MacOS

Decisions

- DongHoon and Sky will work on fixing bug user preferences (pair programming)
- Imaan will wrap up unit testing on UI card components
- Paul will help wrap up tickets

Actions
